Estimating Guests

We know it is not easy to estimate, but we have to have a number to prepare for. Rule of thumb is that 2/3 of the people you invite will attend. If your estimate is low, we will do our best to accommodate the larger number. You will be billed for your estimated number or actual number, whichever is larger. Children will be billed at half price. Please provide your guest estimate at least one week prior to the event.

Sandwich, Soup, and Salad: We will prepare platters with sandwich meat, cheese, sandwich rolls, and condiments. Also, included is our full salad bar and a hearty soup. Includes punch and coffee.

\$9 per person, plus tax and tip.

Food may only be brought in by prior arrangement and must be prepared in a health department licensed kitchen.
